COIN TISSUE

Compressed Dry Tissue No More Messy Wet Tissue! No More Unwanted Scent!

Coin Tissue is a high quality tissue that is shaped just like a coin. The ordinary water tissue contains preservatives and anti-bacteria which may cause a child or a person with sensitive skin to have allergic reactions or other side effects such as rashes and skin diseases. These preservatives and anti-bacteria also produce uncomfortable scents.

Furthermore, when stored for a length of period the ordinary water tissue is much easier to spread out bacteria and other fungus. However, Coin Tissue, a full-size tissue hydraulically compress is made with 100% natural pulp, it is softer, durable and degradable.

As Coin Tissue is in dried form, it can not be contaminated by any germs and bacteria. It is 100% healthy. All you have to do is pour the water to dried form then it grows to its full size. Depending on the water you pour, it can be used as hot or cold tissue.

We are looking for regional distributors and sales persons, please contact us.

Strong advantages of Coin Tissue are as follows:

1. Compressed cleaning tissue.
2. Simply, apply water and have a quality tissue.
3. It's made of 100% natural pulp.
4. Environmentally friendly: Naturally decomposes itself.
5. It's safe for all skin types.
6. Easy to carry anywhere because of its compact size.
7. Innovative technology with global patent.
